SAWYER SCHOOL - DISTRICT SCHOOL #4

Located on the west corner where Salem Road, Providence Hill Road and North Broadway converge, was built Atkinson District School #4, known for many years as the Sawyer School. This one-room building was 18-1/4' X 15-2/3', and 8-1/3' high. There was but one toilet, "out back," (but very evident from within) which was used by both sexes.

The building was as close to the road as possible allowing not one inch of playground. In 1872 it was remodeled, repaired and refurnished, and was in constant use until 1916. In 1915, nineteen pupils were crowded into this small space, heated by a stove. The desks were too close to the windows to open them for ventilation; the open door resulted in cold feet and a waste of fuel.

In the fall of 1916, the Sawyer School was moved into a model one-room building on the corner of Sawyer Avenue and North Broadway. This building was later remodeled into a dwelling and is now occupied by Robert Jackson.

TOWN OFFICERS

Representative to the General Court

REPORT OF THE HIGHWAY DEPARTMENT

During the year of 1964, all culverts on Town Highways have been checked and cleaned, several repaired and replaced, and 4 new ones installed. This work was done to relieve hazardous conditions on some of our highways.

Brush has been cut and treated especially along the school bus routes. Emergency repair work was done on the Town Bridge on Westside Drive. I am in hopes that this year there will be money to repair or to replace this bridge properly.

The past year I have blasted several large pieces of ledge along our highways and straightened some of the curves. With the help of State Funds I have corrected the corner of Main St. and Meditation Lane and widened, straightened and resurfaced part of Sawyer Ave. to correct the hazardous conditions there.

I have resurfaced the following roads: Newbury Drive, Upper Maple Ave., Island Pond Road, Westside Drive, Bluebird Lane, Summit Drive, Juniper Lane, School Driveway, Fire House Parking Lot and Leroy Ave.

Diseased trees were removed on Maple Ave., Willow Vale, Sawyer Ave., and Westside Drive.

I wish to express my appreciation to the Townspeople for the cooperation that I have received from them during the past year.

Respectfully submitted,

WALTER J. WEEKS
Highway Agent

REPORT OF AUDITORS

This is to certify that we have examined the accounts of the Selectmen, Town Clerk, Town Treasurer, Tax Collector, Trustees of the Trust Funds, Trustees of the Todd Poor Fund, Trustees of the Whittaker Fund, and treasurer of the Library Trustees and find them correct.

EDMUND LITTLE
GLADYS R. DYKE
Town Auditors

REPORT OF THE TRUSTEES OF THE KIMBALL PUBLIC LIBRARY

The Trustees of the Kimball Public Library have held three regular meetings this year. Mrs. Harlan C. Dyke serves as chairman, Mrs. Haydn L. Brown as treasurer, and Mrs. Clifford H. Bradley as secretary.

During 1964 a new floor has been laid in the library and additional lights installed. Several book buying trips to Boston have been made.

Through the help and guidance of Mrs. Rachel Sanborn and Mrs. Reynolds and several volunteers the recataloguing is proceeding and we hope to have it completed in 1965.

Mrs. Reynolds with interested persons attended a meeting in Exeter at which the proposed Centralized Book Purchasing Plan was explained, along with the Statewide Library Developing Program as outlined by the Governor's Committee for Better Libraries.

We acknowledge and appreciate the following gifts made to the library. Miss Blanch Conway and Miss Alice Haynes gave books. Folk Tales of New Hampshire was donated by the Atkinson Women's Club. Mr. John Salter has given the Universal Standard Encyclopedia and Mrs. George E. Brennan has renewed the subscription to National Geographic.

Respectfully submitted,
MARY A. BROWN

LIBRARIAN'S REPORT

There have been several meetings this year throughout the State in regard to "The Statewide Library Development Program".

Your librarian attended one meeting and received written materials on other meetings.

In 1961, Joseph Ford and Dr. John Holden of the University of New Hampshire, Department of Government, submitted to the State Library Commission and the Governor, a report of their detailed study of library service in the State.

This report analyzed the status of libraries, pointed out certain inadequacies, and proposed possible solutions. Governor Powell appointed a committee of 60 persons, including librarians, library trustees and lay people to work on this problem of improving library service for the future. One of the greatest advantages offered is, centralized ordering and cataloging of the new books purchased. Each library selecting their own books. This type of purchasing would permit us to receive larger discounts.

We will be hearing more about this program and if anyone is interested to know more about it, inquire of your trustees or librarian.

We are still at work recataloging under the supervision of Mrs. Rachel Sanborn, State Library Consultant.

This has been a very slow process but feel confident this will be completed in the very near future, and will be more satisfactory to our patrons.

Mrs. George Wright has served very satisfactorily as your assistant librarian this year.

The Library has been opened Tuesday 1-3 and 7-9 P.M., Thursday 1-3 and Saturday 2-5 P.M.

The bookmobile continues to give us good service. The total number of books borrowed were 5982 from our library.

I wish to extend my thanks to Mrs. Wright and the Trustees for their assistance throughout the year.

Respectfully submitted,
BEATRICE E. REYNOLDS

Librarian

REPORT OF THE FIRE DEPARTMENT

This past year has been a very busy one for your Fire Department, not only in fire fighting, but in our training program, work parties and other activities.

In addition to our regular training program we were given a seven week training course conducted by the State Fire Training Service.

As you know we are all volunteer firemen none of which are professional firefighters, therefore we feel that any and all training that we receive is beneficial to both the individual and the community.

This year a new furnace was installed in the firehouse, radios were installed in all vehicles as well as a base station at the Firehouse and a much needed water hole and dry hydrant was constructed on Maple Avenue, thanks to the people in that area.

We were given a 2,000 gallon tank truck by a very generous summer resident and hope to have this in commission this coming year.

We feel that large sources of water and tank trucks is the solution to our water problem rather than the small water holes which have proven to be inadequate during dry seasons.

Our Mutual Aid agreement with all surrounding towns this past year has been excellent and it certainly is comforting to know that there is so much equipment and so many men available to us in case of need.

Much recognition is due the members of the Junior Fire Department who have worked so hard and earnestly for their community. In the past year these young firemen purchased with money from their own fund, a 1952 Chevrolet 800 gallon tank truck. This truck is to be used primarily for forest and brush fire fighting, but can also be successfully used for house fires as has been proven. They have also purchased all their own protective equipment.

Our sincere thanks go to the Firemen's Auxiliary, the "Red Network" operators, our base station radio operator, and our Department Physician for their support and the time they have so generously given to the community.

We also want to thank all the townspeople for their support of our many fund raising activities and for the confidence they have placed in us.

I want to personally thank all the members for the time and effort they have given to make this Department one we can all be proud of.

Respectfully submitted,
MEREDITH E. REYNOLDS
Chief

REPORT OF THE FOREST FIRE WARDEN

Although the fire hazard in 1964 surpassed that of any other year in this century, Atkinson continued to maintain an excellent record. Again early detection was on our side; and again credit must be given to members of the Atkinson Fire Department for rapid response and efficient suppression.

Our prevention program, however, did not progress as well as in other recent years. Several persons were observed burning without permits; and in two or three instances, persons with permits were unable to control their fires.

Use your town dump as much as possible, especially during periods of high fire danger.

When you must burn and the ground is not covered with snow, obtain a written permit from the forest fire warden.

Know what you are doing. Have proper help and equipment while you are burning. Tend your fire until it is dead out.

At the end of 1964 Elmer Conley and Robert Hotchkiss retired as deputy wardens. Mr. Hotchkiss was active for many years in fire prevention and suppression.

We wish to thank all who cooperated with our prevention program during the past year and ask your support in improving our fire records in 1965.

RALPH STEVENS
District Chief

AUSTIN B. WASON
Forest Fire Warden

Deputy Wardens

Warren E. Kolb
Wilbur R. Moody

William C. Kinney
Meredith E. Reynolds

REPORT OF THE PLANNING BOARD

The Planning Board has met regularly during the year with almost 100% attendance of its members. Also several public hearings have been held relative to sub-division. Most of the subdivisions have been approved as having met the minimum requirements of the code.

Public hearings were also held relative to the establishment of the third Commercial District in the Southwest corner of the town. This proposal met the approval of the Townspeople at a Special Town Meeting.

Further Public Hearings are in progress with the intent of clarifying the Zoning Ordinance. These pertain to a limitation of the number of houses which may be placed on a lot, the establishment of 150 feet of continuous frontage, and to alterations to houses either interior or exterior with a value of more than \$500.00. The Board strongly recommends favorable action on these three articles of the Town Warrant with a view to keeping the present status of the Town.

Respectfully submitted,
RALPH LEWIS, CHAIRMAN
HERBERT Q. HORNE, M. D., SEC.

MILTON WOOD
PHILLIP CHURCHILL
CLEMENT NEILLY
ED WEBB

REPORT OF THE BOARD OF ADJUSTMENT

Nine requests for variances were received during 1964. Of these, five were granted, two were refused, and one was referred to the Planning Board for final disposition.

One request was received for review of an administrative decision by the Building Inspector. In this case, it was the opinion of the board that the law permitted him no action other than the one that he took.

All but one of the above cases were heard in unadvertised sessions, as the courses of action were clearly indicated by the zoning ordinance and the laws defining the authority and duties of the board. In the one case where the decision was a discretionary one, an advertised session was held in order that the decision might be guided by the feelings of the abutters and the other interested parties.

It will be the policy of the board to hold advertised public hearings on all cases which are controversial or likely to generate active public interest.

Respectfully submitted,

C. CARROLL ROCK
Chairman

REPORT OF THE BUILDING INSPECTOR

There were 37 permits issued during 1964 including one which had been issued prior to my appointment. The breakdown is as follows:

	<u>Builders Estimated Cost</u>
28 New Homes	\$ 318,600.00
7 Alterations or Additions	15,400.00
1 Tank Storage (Ind. Area)	8,000.00
1 Building relocation	--
	<u>\$ 342,000.00</u>

Comparison of Previous Years

No. Permits Issued	Year	Total Estimated Value
406	1959	\$3,489,900.00
26	1960	155,850.00
25	1961	244,650.00
44	1962	469,120.00
33	1963	276,300.00

I was appointed Building Inspector April 9, 1964. Since that time I have made inspections on all work as soon as possible when notified.

We have new permits which are in two parts. One half we keep for our records, and the other is to be posted on the job so that it may be signed when inspections are made and approved.

It was necessary to take court action in September 1964 as a permit to build had not been obtained before construction was started, and a septic system was buried before corrections could be inspected and approved.

Respectfully submitted,

ROBERT H. BAILEY
Building Inspector

REPORT OF THE POLICE DEPARTMENT

The year 1964 one hundred fifty seven complaints were answered by this department.

The increase in population and demand of protection for persons and property are the cause of a higher budget.

Due to the threats of rioting on Halloween extra officers were on duty October 30th and 31st. A police patrol was started at the Rockwell School in November for the safety of children crossing the intersection.

A base radiowas installed during 1964. Funds for this were derived from the Policemen's Ball and Christmas basket. This makes four mobil sets and one base station in operation.

Blue net work telephones have been installed in four homes of officers to give more efficient protection. The blue line number is 362-5536.

I wish to take this opportunity to thank the people of Atkinson for the cooperation shown this department.

Respectfully submitted,
WILBUR R. MOODY, Chief

REPORT OF HEALTH OFFICER

There has been the usual number of reportable diseases in the town none of which has been very serious.

Your Health Officer has carefully checked the surveys for sanitation and the erection of septic tanks and leach fields prior to the issuance of building permits and has found them all rather well in order. In addition to the 42 permits thus issued your Health Officer has made many personal inspections of sanitary facilities and drainage problems all with a purpose of keeping the town cleaner and of preventing pollution of the streams flowing through the town. As you all know the State and Federal Governments are working to prevent pollution of the waters of the country and a survey has been conducted by the New Hampshire Water Pollution Commission in which they found no pollution in Atkinson of the Little River although considerable pollution was found in the neighboring towns.

Your Health Officer strongly recommends your favorable vote on the three Articles of the Town Warrant relating to the Zoning Ordinance as in the best interests of the Public Health.

Respectfully Submitted
HERBERT Q. HORNE, M. D.
Health Officer

OLD NEW ENGLAND CUSTOM

By Dahl

From the Boston Herald

“We urgently request the Tax Payers to scrutinize every move for raising money before voting for same, and satisfy themselves that they are to receive a Dollar’s value for every Dollar expended.

If you vote for large sums, expect high taxes. Study The Budget.”

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Atkinson, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Grange Hall in said Atkinson on Tuesday, the 9th day of March next at ten o'clock in the forenoon, and close not earlier than seven p. m. to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations for the same.
3. To see if the Town will vote to authorize the Selectmen to distribute blank inventories at the time they examine and appraise the property to be taxed.
4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to hire such sums of money as the Town will need in anticipation of taxes.
5. To see if the Town will vote to adopt the provisions of the Municipal Budget Law.
6. If Article #5 is accepted, to see if the Town shall determine by vote the number of members-at-large to serve on the budget committee, three, six, nine or 12 members.
7. To see if the Town will authorize the Moderator to appoint the Budget Committee until successors can be elected at the next annual Town Meeting. Terms of office for members-at-large will be: one third of members for one year, one third for two years and one third for three years.
8. To see if the Town of Atkinson will vote to accept two hundred (\$200) from the estate of Mabel C. Noyes the interest to be used for perpetual care of her lot in the cemetery.
9. To see if the Town will vote to accept a 1954 Ford 2,000 gallon tank truck recently donated to the Fire Department by O'Neil Oil Company, Malden, Mass.
10. To see if the Town will vote to accept a 1952 Chevrolet 800 gallon Forestry tank truck purchased by the Junior Fire Department.
11. To see if the Town will raise and appropriate \$3,500. to build an addition to the Fire House.

12. To see if the Town will vote to give the Fire Department authority to sell a 1931 Chevrolet Forestry truck which has been replaced by the 1952 Chevrolet 800 gallon Forestry tank truck.

13. To see if the Town will raise and appropriate one hundred sixty dollars (\$160) to purchase an adding machine for the Tax Collector.

14. To see if the Town will raise and appropriate one hundred sixty-eight dollars and ninety-six cents (\$168.96) to purchase a fire-proof cabinet for the Tax Collector.

15. To see if the Town will raise and appropriate two hundred ninety dollars and fifty-three cents (\$290.53) to purchase a double fireproof cabinet for the Town Clerk and Treasurer.

16. By Request - To see if the Town will raise and appropriate the sum of \$354.00 as authorized by R. S. A. 31 Par XIX for the annual budget of the New Hampshire Regional Development Association.

17. To see if the Town will raise and appropriate the sum of five thousand dollars (\$5,000) to install an eight foot culvert forty feet long, to replace present bridge on Westside Drive. This would include the cutting down of large embankment and straightening of the curve at this location. The work to be completed by the Road Agent.

18. To see if the Town will raise and appropriate the sum of three hundred dollars (\$300) to be used for blasting ledge, to begin straightening the hazardous curve at the entrance of Conley's Grove.

19. To see if the Town will raise and appropriate the sum of three hundred dollars (\$300) to purchase land and pond located at the intersection of Salem Road and North Broadway, for use as a water hole.

20. If Article #19 is accepted, to see if the Town will raise and appropriate the sum of \$250.00 to purchase and erect a hurricane fence around the pond. This sum would also include the purchase and installation of a dry hydrant.

21. To see if the Town will raise and appropriate the sum of two hundred dollars (\$200) to defray the cost of having new properties assessed by the State Tax Commission.

22. To see if the Town will raise and appropriate the sum of five hundred dollars (\$500) for rent on the Grange Hall.

23. To see if the Town will vote to increase the price of cemetery lots to fifty dollars (\$50) each.

24. By Request - To see if the Town will vote to adopt the following: Dogs, running loose, will upon complaint be picked up by the Dog Officer and placed in a kennel at the owner's expense. On the third complaint, the Selectmen shall issue a restraining order.

25. To see if the Town will raise and appropriate the sum of one hundred (\$100) to defray expenses incurred by a committee which will be appointed to make initial plans for the 200th anniversary of the town.

26. To hear the reports of Town Officers and Committees, act on the same and transact any other business that may legally come before the meeting.

27. Business meeting will be adjourned until Saturday evening March 13, 1965.

Given under our hands and seal, this 15th day of February in the year of our Lord nineteen hundred and sixty-five.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Atkinson qualified to vote in district affairs:

You are hereby notified to meet at the Grange Hall in said district on the ninth day of March, 1965 at 10:00 o'clock in the forenoon to act upon the following subjects:

1. To choose a Moderator to serve until July 1, 1965.
2. To choose a Clerk to serve until July 1, 1965.
3. To choose a Member of the School Board to serve until July 1, 1965.

Given under our hands at said Atkinson this twenty-second day of February, 1965.

DAVID J. ROCKWELL

LUCILE deBESCHE

BERGERON NORRIS

School Board

The polls will be open to vote from 10:00 A. M. to 7:00 P. M.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Atkinson qualified to vote in district affairs:

You are hereby notified to meet at the Academy School in said district on the twentieth day of March, 1965 at 8:00 o'clock in the afternoon to act upon the following subjects:

1. To hear reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

2. To see if the District will authorize the School Board to request the Municipal Accounting Division of the State Tax Commission to audit the accounts of the District as of June 30, 1965, and to raise and appropriate the sum of One Hundred Dollars (\$100.00) for this purpose, the money to be paid over to the School District Treasurer prior to June 30, 1965.

3. To see if the District will vote to raise and appropriate the sum of One Hundred Eight Dollars and Thirty-Three Cents (\$108.33) to pay the salaries of the school board members through June 30, 1965, the money to be paid over to the School District Treasurer prior to June 30, 1965.

4. To see if the District will vote to authorize the School Board to convey to the Timberlane Regional School District, by Quitclaim Deed, the present Academy and Rockwell Schools, together with the contents thereof, school busses, and all land owned by the District.

5. To see if the District will vote to direct the Treasurer to pay over to the Treasurer of the Timberlane Regional School District any cash balance in her hands or money due the District as of July 1, 1965, or thereafter, less any outstanding bills or debts; any sum so transferred to be used as a credit against the Regional School District assessment to be raised by the pre-existing Atkinson School District to defray its share of the cost of operation of the Regional District during the first year of operation.

6. To see if the School District will vote to authorize the School Board to make disposition of all school records.

7. To transact any other business that may legally come before said meeting.

Given under our hands at said Atkinson this fifth day of March, 1965.

ATKINSON SCHOOL DISTRICT MEETING

March 12, 1964

Annual Meeting at Dyke Auditorium

The meeting was opened at 8:00 P.M. by the Moderator, Elbridge N. Furber, with the reading of the Warrant.

The results of an election of School District Officers, held on March 10, 1964 may be also noted at this time. This election was part of a joint election for Town Officers held at Grange Hall in Atkinson, New Hampshire. Elected to the following offices were; Elbridge Furber, Moderator; Allister MacDonald, Clerk; L. Edna Wright, Treasurer; Bergeron Norris, School Board Member; Gladys R. Dyke and Edmund Little, Auditors.

Article 1. Mr. E. Gene Cote, as a member of the four-town group known as the Timberlane Cooperative School Study Committee reported on the progress that his group has been making toward an answer for the secondary school problem. This four-town cooperative at the present time includes: Atkinson, Danville, Plaistow and Sandown. Mr. Cote warned that our town may have but 17 months in which to act. We are faced with rapidly increasing tuition charges and area schools are becoming more and more crowded.

Article 2. No action necessary or taken in this warrant on this article.

Article 3. After a great deal of discussion and offers of amendments, not carried, the original article remained unchanged. The budget was reviewed and discussed, item by item, with the proviso that the Attorney General be consulted on the legality of item by item consideration.

The sum of \$220,092.32 was voted upon and passed.

Article 4. This article passes as read and printed, with a majority in favor and two opposed.

Article 5. This article passes as read and printed.

Article 6. At this time, Mr. David J. Rockwell, School Board Member, moved to offer Mr. Peter Perri, outgoing member a rising vote of thanks for his three years of service on the Board.

Mr. Perri, in speaking, urged the people of the town to attend school board functions regularly through the year, rather than making it a once-a-year event at the time of the annual meeting.

Also, at this time, Mr. Rockwell reported the receipt of seventy-five dollars, a gift, from the Plaistow Lions Club. This money is to

be used for Special Classes. Also, at this time, Mr. Bergeron Norris, new member of the board was introduced.

The meeting adjourned at 11:15 P.M.

A true record

MARTHA E. MACDONALD

Acting School District Clerk

SPECIAL MEETING

June 11, 1964

Dyke Auditorium

The meeting was opened by the Moderator, Elbridge Furber, at 7:30 P.M., followed by his reading of the Warrant.

A motion to accept Article 1 was made by Mr. E. Gene Cote and seconded by Mr. Elmer G. Kutzelman.

At this time, a brief history of the studies of the past pertaining to our school problems was given by Mr. David J. Rockwell.

There also followed a period of discussion, questions and answers on the issue. At the conclusion of the discussion, there was a motion made, duly seconded and accepted, to open the polls at 8:17 P.M. There also followed a motion by Martha MacDonald, duly seconded and passed to keep the polls open until 10:00 P.M.

The voting was by secret ballot of the "yes" or "no" choice type with the question also printed on it as prescribed in R. S. A. 195. The checklist was used with the following supervisors in attendance: Lillian Lewis, Eleanor Zaremba and Arthur Sawyer. At 10:00 P.M. a motion was made by Mr. E. Gene Cote, duly seconded and passed by a majority of those present and voting that the polls be closed.

The moderator then declared the polls closed. Out of a total of 273 votes, the results were: yes -- 246, no -- 24, not valid -- 3. This vote causes article 1 to be accepted by more than a majority of those present and voting and this fact was so declared by the moderator.

The meeting was adjourned at 10:20 P.M.

A true record

ALLISTER F. MACDONALD

School District Clerk

REPORT OF THE TIMBERLANE REGIONAL SCHOOL BOARD

In the four months since the organization of the District on September 19, 1964, more board business has transpired than Board Members normally experience in a full three-year term. This activity is summarized here. The details of school and budget planning will be discussed at hearings and compiled in a special report prior to the first annual Regional School District meeting. The date of this meeting is still to be established. At this time, it appears that it will be held in late March, or early April.

As of February 3rd, nineteen regular weekly Board meetings, countless committee meetings, and five special Board meetings have been held. The heaviest work load has been on the Curriculum, and the Building and Site Committees with their associated staff members. A sequential listing of the Board discussions and decisions to date follows:

- | | |
|---|---|
| Sept. 23, 1964
Regular Meeting | <ol style="list-style-type: none">1. Administration of Oath of Office to Board Members by Judge Andernacht.2. Election of Board Officers.3. Appointment of a School District Clerk and a School District Treasurer.4. Established that all Board meetings would be open to the public.5. Established an Architect Screening Committee.6. Appointment of School District Attorney Soule, Salem, N. H.7. Established the regular meeting day, time and place as each Thursday, 7:30 p.m., Office of Superintendent of Schools, Center Circle, Plaistow.8. Voted to petition the State Board of Education to be assigned to Supervisory Union No. 55. |
| Oct. 1, 1964
Regular Meeting | <ol style="list-style-type: none">1. Interview with educational consultants. |
| Oct. 8, 1964
Regular Meeting | <ol style="list-style-type: none">1. Interview with educational consultants, and the appointment of Engelhardt, Engelhardt and Leggett of Purdy Station, New York.2. Appointment of permanent sub-committees for Curriculum, Finance and Enrollment, Transportation, Salaries, Publicity, and Building and Site. |
| Oct. 13 and 14
Committee
Meetings | <ol style="list-style-type: none">1. Screening interviews with Architects by the Screening Committee.2. Screening of building sites by the Building and Site Committee. |

- | | |
|--|---|
| Oct. 15, 1964
Regular Meeting | <ol style="list-style-type: none"> 1. Interviews with four architects. 2. Dirsa and Lampron of Manchester, N. H., appointed by the Board as architects for the proposed new high school. 3. Review of current enrollment and census reports. |
| Oct. 17, 1964
Special Meeting | <ol style="list-style-type: none"> 1. Meeting with the Selectmen of Atkinson, Plaistow, Danville and Sandown. 2. Established a schedule of payments to the Timberlane Regional School District. 3. Visited all elementary schools with the Selectmen. |
| Oct. 22, 1964
Regular Meeting | <ol style="list-style-type: none"> 1. Reports and discussions on site selection. 2. Discussion of School Board By-Laws. |
| Oct. 29, 1964
Regular Meeting | <ol style="list-style-type: none"> 1. Voted to apply for Spaulding-Potter Trust monies to be used to investigate better ways to fit educational program to the individual student needs. 2. Discussion on site selection. 3. Board notified that the Timberlane Regional School District had been assigned to Supervisory Union No. 55. |
| Nov. 5, 1964
Regular Meeting | <ol style="list-style-type: none"> 1. Selected Oscar P. Little estate land on Greenough (Line Brook) Road for building site of the future Junior-Senior High School. 2. Discussion of teachers' salary schedule for 1965-1966 year. 3. Discussed an inquiry from Newton residents about annexation to the Timberlane Regional School District. |
| Nov. 12, 1964
Regular Meeting | <ol style="list-style-type: none"> 1. Interview with Newton residents about the question of annexation. 2. Adopted teachers' salary schedule for 1965-66 year. 3. Adopted a policy on sick-leave, vacations and personal absences for all employees of the Timberlane Regional School District. |
| Sunday -
Nov. 15, 1964
Special Meeting | <ol style="list-style-type: none"> 1. Visit to the new 900-pupil Kingswood Regional High School, Wolfboro, N.H. This school was designed by the Timberlane High School project architect, Dirsa & Lampron, of Manchester, N.H. Dr. Engelhardt, the Timberlane Educational Consultant also was consultant on this project. |

- Nov. 19, 1964
Regular Meeting
1. Finance Committee report on the effect of annexation of the Newton School District.
 2. Adopted an entrance age policy. Children must be six years old by the following January first, in order to enter the first grade in September.
- Nov. 25, 1964
Regular Meeting
1. Discussed the Transportation Committee report, recommending rebidding of the present contracts for the 1965-66 year. Report included preliminary analysis of contract, rental and ownership methods.
 2. Discussed the possible annexation of the Newton School District.
 3. Adopted this policy: "The position of the Timberlane School Board regarding annexation of any School District to the Timberlane District, is as follows: Timberlane is willing to inform any interested group of the facts and procedures of annexation as defined in the Cooperative School Law RSA 195. Timberlane Regional School Board will maintain an impartial position in all such cases."
 4. The housing, maintenance and repair needs for all of the Timberlane District elementary schools discussed and turned over to the Building and Site Committee for study and recommendations.
- Dec. 3, 1964
Regular Meeting
1. Board discussed "up-dated" enrollment projections which indicate that housing will be needed for 704 students in grades 7-12 by September 1966, 766 by 1967, 839 by September 1968, 910 by 1969 and 1004 by 1970. The number in grades 7-12 this year is 602, as of September.
 2. Board presented by Dr. Engelhardt with Provisional Space Requirements of 134,000 square feet for a 1000 pupil, grade 7 - 12 junior-senior high school.
 3. The Board discussed transporting the Sandown Central 7th and 8th grade students to the Pollard School in 1965.
- Dec. 10, 1964
Regular Meeting
1. Discussed the annexation of the Newton School District to the Timberlane School District.
 2. Discussed the N. H. School Building Authority Act.
 3. Transportation Committee report adopted for Budgeting purposes.

4. The Building and Site Committee reported:
 - a. that all signatures on the option-to-purchase agreement for the Little land on the Greenough Road, have been secured.
 - b. topographical survey has been completed on the building site (Little land).
5. The Board was presented by the Building and Site Committee with the provisional requirements for elementary housing for the 1965-66 and 1966-67 years. These requirements are for a four-room addition to the Academy School, a two-room addition to the Danville School, a general activity room addition to the Pollard School, and a one-room addition to the Sandown Central School, with a recommendation that the Rockwell School be used as a permanent home for the Special Education Program, starting in 1966.

Dec. 17, 1964
Regular Meeting

1. Discussion with the Newton School Board on the subject of annexation to the Timberlane District.
2. Salary schedules approved for secretaries and for custodians.
3. The Board is informed that its application of October 29th for funds to the Spaulding-Potter Educational Trust, has been approved in the amount of \$6500. for the first stage of the studies.
4. Report by Assistant Superintendent Clark on Educational Facilities Laboratory (Ford Foundation sponsored) Conference on the California project. This project concerns school building costs.
5. The Board adopted a policy on the daily opening exercises for school.
6. The Board asked that Superintendent Davis request the State Tax Commission to make a final appraisal as of June, 1965, of all school land and buildings to be transferred to the Timberlane School District from the pre-existing districts of Atkinson, Danville, Plaistow and Sandown, as stipulated in the Articles of Agreement.

Dec. 23, 1964
Regular Meeting

1. The Board discussed material concerning the formation of the Timberlane School District, which is requested of it by its financial agent. This material is necessary in order for any bank to authenti-

cate a bond issue. The question of the non-contiguity of the Timberlane District was raised in this discussion.

2. The Building and Site Committee reported on the adequacy of all of the present elementary school sites within the District.

3. The Board discussed the provisional space requirements of 134,000 square feet for a 1000 pupil building. Based on current enrollment projections, this would be adequate through the 1970-71 year, on an optimum capacity basis, and probably a year longer on a maximum capacity basis.

4. The Board discussed the adequacy of the statutory debt limit. It was conceded that this limit would not be adequate to cover the provisional space requirements of the proposed 1000 pupil school. In addition the Board conceded it still was faced with another immediate problem of elementary facilities. Various alternative short-range and long-range solutions were discussed.

5. The problem of space requirements vs financial limitations was referred back to the educational consultant.

6. The Board was informed that the Newton School District had voted against having the Newton School Board petition the Timberlane School Board for annexation.

Dec. 30, 1964
Regular Meeting

1. The Board Discussed estimated space requirements of 115,000 square feet for an 800-pupil building. Based on current enrollment projections this would be adequate through the 1968-69 year on an optimum capacity basis and through the 1969-70 year on a maximum capacity basis. The educational consultant was directed to provide provisional space requirements for an 800-pupil building.

2. Upton, Sanders and Upton of Concord was appointed the Board Counsel on all matters pertaining to the formation of the District.

Jan. 4, 1965
Special Meeting

1. The Superintendent was authorized to procure professional and clerical help needed to proceed with Spaulding-Potter Fund financed pupil-profile studies.

2. The Board discussed the provisional space requirements of 111,045 square feet for an 800-pupil building. These were approved by the Board after an amendment to 115,800 square feet. The amendment provided additional space in three areas where the building would become crowded first.

Jan. 7, 1965
Regular Meeting

1. Assistant Superintendent O'Shea reported that the pupil-profile data part of the Spaulding-Potter Fund Project had been compiled and was being forwarded to the educational consultant's office. School administrative and clerical staff worked on this also.

2. A Finance Committee Report of a preliminary estimate of the amount of bond issue, was accepted by the Board. This estimate includes the provisional elementary housing needs program, as well as the High School needs, and is for \$2,300,000.

3. The Board approved a policy on entrance age for the Special Education Class.

4. The Board approved a policy on school accidents and accident reports.

5. The Board worked on the 1965-66 Budget.

Jan. 14, 1965
Regular Meeting

1. The Board voted to authorize its legal counsel, Richard Upton to take the necessary steps to petition the N. H. General Court to validate the organization of the Timberlane Regional School District. (This is a precautionary action, recommended by the bonding authorities.)

2. The Board voted to authorize Mr. Upton to petition the New Hampshire General Court to permit the School District to exceed the statutory debt limit by 2%. (This is also a precautionary action, deemed necessary by the Board, in the event that the 1964 Assessed Valuations as equalized figures for the state are not validated by the legislature prior to District approval of a bond issue.)

3. The Board voted to request former members of the Timberlane Planning Board Publicity Committee to assist the School Board in a similar manner. These members are Elmer G. Kutzelman, Atkinson, Aram Melkonian, Danville and M. A. Plant, Plaistow.

4. The Board appointed an advisory committee for the Spaulding-Potter Fund financed planning project for the high school. These members are Mrs. Jane Ingalls, Timberlane School Board Curriculum Committee Chairman, Dr. Nicholas Engelhardt, Educational Consultant, New York, Dr. Roland Kimball, University of New Hampshire, Mr. Jack Adkins, Phillips Exeter Academy, Exeter, Mr. Damon Russell, State Department of Education and Seth O'Shea, Assistant Superintendent of Schools in Union #55 and Howard Kimball of the State Department of Education.

Jan. 20, 1965
Special Meeting

1. The Board worked on the 1965-66 Budget.
2. The Board reviewed preliminary sketches of the proposed High School, with the architect and the consultant. A second draft will be presented to the Board at the February 4th meeting, following planning sessions between the architect and the consultant. A developed plot plan was requested for the same meeting.

Jan. 21, 1965
Regular Meeting

1. The Board discussed reports from the Building and Site, Publicity, Curriculum and Finance Committees.
2. The Board worked on the 1965-66 Timberlane Budget.
3. The proposed 1965-66 School Calendar was approved.
4. The Board voted to set the time for 1965-66 Teachers' Contracts at 185 days.

Jan. 28, 1965
Regular Meeting

1. The Board was informed of a new policy adopted by the State Board of Education on December 30, 1964, having to do with special approval of building plans before State Building Aid is granted on proposed buildings which fail to meet certain minimum housing needs.
2. The Board approved the provisional housing recommendations for elementary schools, and directed Dirsa and Lampron, Architects, to prepare preliminary sketches for this elementary housing. The estimated cost is \$259,750.
3. The Board discussed a Building and Site Com-

mittee report on a private appraisal of land and buildings included in the general high school building site.

4. The Board discussed a preliminary Curriculum Committee report of Pennsylvania and Florida high school visits. These visits are part of the Spaulding-Potter project.

5. The Board discussed a rough draft of this report.

6. The Board adopted a policy on the retention of non-tenure teachers.

Feb. 3, 1965
Special Meeting

1. The Board worked on the 1965-66 School Budget.

2. The Board discussed a preliminary Curriculum Committee report on high school visits in the Connecticut, New York, New Jersey area. These visits are part of the Spaulding-Potter project.

The Timberlane Regional School Board sincerely hopes that this, its first progress report, answers many questions such as "What has the Board been doing?" or "What has the Board accomplished?" Hearings are planned on the proposed 1965-66 Budget, and on the preliminary plans for the proposed high school, and will be imminent by the time you receive this report. Board Members are also being scheduled to speak at other meetings.

Your suggestions and constructive criticisms are solicited.

Respectfully submitted,

SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Atkinson;

I am presenting herewith my Ninth Annual Report as Superintendent of Schools in Atkinson. A report from the Principal will discuss more in detail the activities of the schools. Statistical reports are listed separately.

PERSONNEL

Five teachers joined the Atkinson School system this current year. They were: Mrs. Geneva Gwynn, grade 8, a graduate of Gorham State College; Claire Rossignol, grade 5, a graduate of Riviere College; Mrs. Joan Lahey, grade 5, a graduate of Keene State College, with teaching experience in Hampstead, Salem, and Glastonbury, Conn.; Mrs. Ellen McMaster, grade 4, a graduate of Ohio State University; Mrs. Floreen Babin, grade 2, a graduate of Keene State College with teaching experience in Hampstead, N. H.

CURRICULUM

Most important in improving education is a good teacher in an uncrowded classroom. We need a curriculum that will meet the needs of all children. We must provide modern and up-to-date textbooks to help us in this area. We need various audio-visual aids to supplement the program. We need extra services for the special students. We need supervisory and special help for teachers. We want to teach in an atmosphere of cleanliness that is safe for our children.

I am very happy to say that we have met the above program to a marked degree. For this coming school year, we will continue to change texts where needed. We are changing texts in language arts, reading and science and will continue to expand our program in modern math.

The achievement of our children continues to be above the national norm.

HOUSING

We will have an acute housing problem for next year in that we will need four more classrooms. We are short two classrooms this year due to increased enrollments. The stage is being used for one classroom and the auditorium for another.

Two additional rooms will be needed to handle the two grade-two classrooms and the two grade-six classrooms as they move along. At present we have one grade three and two grade fours. If the present 35-pupil grade 3 class increases in size, which appears likely, then it would be best to split this grade and utilize the present two teachers and two rooms in grade 4. Consequently, we will not have an extra room available.

An addition should be added to the rear of the Academy School to provide these additional classrooms. If construction of an addition is not voted this March then rooms will have to be rented and additional transportation provided if the rentals are out of town.

The big decision this spring is the vote on a new high school, grades 7 - 12. You have united with three other school districts, namely, Danville, Plaistow and Sandown, to form the Timberlane Regional School District. This decision was approved by 90% of the townspeople of the four towns who were present and voting.

The new school will assure a secondary education for your children. It will give you an opportunity to select the curriculum you wish. It will be a sound investment for the future. You should vote the new school and support the program that will be presented.

The Planning Board and the present Timberlane School Board have worked very conscientiously and very diligently to offer you a full and realistic educational program of which you can be justly proud.

APPRECIATION

I wish to express my appreciation to the Atkinson School Board, Principal and teachers for their help during the year. May I, also, thank all civic organizations, parents and friends of the children for their support and interest in the activities of the Atkinson Schools.

Respectfully submitted,
WENDELL V. DAVIS
Superintendent of Schools

REPORT OF THE PRINCIPAL

To the School Board and Citizens of Atkinson:

I herewith present my thirteenth annual report as Principal of the Atkinson Schools. It has been a year of many developments of great significance to the educational system of this town. While the formation of the Timberlane School District was brought about by the need to provide secondary education for the children of this area, the move will certainly have an effect upon the elementary schools as well. It will be possible to plan a program of education from grade one through grade twelve in which all school personnel may participate to provide a continuity of education which is important, but not possible, under our present system. A junior high school large enough to provide a varied program with adequate facilities in such areas as science and industrial arts will give our children a preparation for high school comparable to that offered in larger communities or other regional districts. It will be important that we maintain equally high standards in all of the elementary schools of the new district.

It is difficult for us, as we go about our daily lives, to realize the magnitude of the tremendous changes which are going on in our world. We hear more and more of the need to make changes in our system of education to prepare children for a world which we, at this time, cannot visualize. We do not know what problems they will face or what specific skills they will need to make a living in the future. It does seem certain that we must equip children with the skills of written and oral language and of mathematics so that they may use these skills to adjust to a constantly changing environment. We must also increase our efforts to develop attitudes and understandings which will help every individual to lead a happy and successful life and to contribute a part to the betterment of the society about him.

In reading, we continue to use a basic reading series which extends from grade one through grade eight. This series is supplemented by books from other basic series and a strong phonics system in the lower grades. To assist in correcting reading problems which some children develop, we now have a remedial reading teacher who works full time in this most important area.

The modern mathematics program has been extended this year so that it is used throughout the first four grades and with about half of the children in the remaining grades. This area, in particular, reflects the great changes which we anticipate in the future. We are now more concerned with children gaining a thorough understanding of mathe-

matics and their ability to use it creatively rather than with computational skill which machines can do more quickly and with greater accuracy than we can hope for from humans.

While there is some good work being done in other areas of the curriculum such as social studies, science and language, we can expect some exciting changes to take place in these areas within a few years. Some interesting experimental programs are being tried out in some school systems and excellent new texts are being written which should have a significant effect upon our schools in the future.

Other important developments in Atkinson Schools during the past year should be noted here. Overcrowded conditions have necessitated the transferral of the special education class to Plaistow and the housing of classes in the remedial reading room, which is now on the stage, and in the all-purpose room. This is a quite undesirable situation which we hope may be corrected as soon as practicable. A district supported speech program has been established which may be expected not only to improve faulty speech but to eliminate some problems in reading and other areas which can be caused by defective speech. The principal's job has now grown to be a full time position and thereby permits your principal to direct all his efforts to the duties of this position.

Many of our services and activities have been established for at least a number of years but perhaps should be mentioned here, especially for those who are not very familiar with our system. Specialists in the areas of music, health and handwriting, as well as in speech as mentioned above, assist the classroom teachers in carrying out programs in these fields. Mr. Evan Williams, our music supervisor for several years, was replaced this year by Mr. Joseph DeLuca who handles grades 4-8 and Mrs. Rose Drohan in grades 1-3. These people attempt to develop in children a greater appreciation for music through participation in a variety of music activities. Music for programs at Christmas and graduation is directed by the music supervisors. Last year the seventh and eighth grade chorus participated in a music festival in Pembroke, N. H. and also attended a performance of the Boston Pops Orchestra in Boston.

Mrs. Wanda Scholl, nurse-teacher, spends 1-1/2 days per week in the Atkinson Schools. Her program includes vision, hearing and color perception tests, arranging for and assisting with medical examinations in grades one, three, five and seven, and checks of heights and weights. She serves as a resource person for teachers providing them with films, filmstrips or other materials to aid in their classroom health programs. She also makes frequent home visits when the need arises.

We are now in our fifth year with the Rinehart writing system. A writing supervisor visits each classroom periodically at which time sample papers are graded and instructions are given on the lessons which are to be practiced until the next visit.

In addition to the usual classroom work, we have attempted to carry out a varied program of worthwhile activities. The sixth annual science fair was held last year with the Dyke Auditorium filled with a wide variety of projects. First prize was won by Gretchen Musselman. The annual spelling bee was won by Glenn Quinney who, representing our school in the Rockingham County bee, finished second. A number of worthwhile and enjoyable field trips were taken including short trips to the library and a beaver dam here in Atkinson and more extensive trips to Concord and Lexington and Boston. Graduation exercises were held in June for thirty eighth grade pupils. Music and essays were presented on the theme "American Government." P. T. A. scholarship awards were won by Karen Harrower and Glenn Quinney. The Women's Club improvement award was given to Alden Hurteau. Glenn Quinney also was presented with the Sons of the American Revolution Good Citizenship Award. Visiting Day, held during American Education Week, gave parents an opportunity to see classes in session. Last spring children participated in a tree planting ceremony at the Atkinson Academy, sponsored by the Women's and Garden Clubs.

Other programs which have been continued during the past year include:

1. Scheduled parent-teacher conferences in the fall and spring
2. Weekly sale of U. S. Savings Stamps
3. A library program for the Academy School children
4. The school lunch program managed by Mrs. Floyd Kilburn and assisted by Mrs. Stephen Bezanson
5. A schedule of basketball and baseball games for upper grade boys, coached by Louis Dispenza and assisted by Roland Chaput

Many individuals and groups contributed substantially to the improvement of the school program last year. We are grateful to the Women's and Garden Clubs for the school beautification project which they started last spring. The P. T. A. deserves much credit for its many activities including especially the purchase of a control reader which is benefitting the children of Atkinson both in reading and mathematics. The concern of these and other groups for the education of the children of Atkinson seems to be indicative of the attitude of the people of this town. There is here a realization that the future of this town, state and nation is determined by the quality of the education it provides

for its children. With these high ideals the outlook for high quality education in the Timberlane School District seems very favorable.

To conclude, may I again take this opportunity to thank the school board, administration, school staff, children, parents and friends of our school for their support of and keen interest in the schools of Atkinson. It is a gratifying experience to work with all of you.

Respectfully submitted,
CHARLES B. YEATON
Principal

ENROLLMENT IN HIGH SCHOOLS

The following tabulation shows the enrollment of pupils in high schools, by grades, and the respective tuition rate of each school.

GRADE	SANBORN SEMINARY	WOODBURY HIGH	HAVERHILL TRADE	HAVERHILL HIGH
9	0	0	3	26

YOUR SCHOOL BOARD REPORTS

This will be the last annual report of the Atkinson School Board. As a result of the vote at the Special School District Meeting, on June 11, 1964, this school district will cease to exist on June 30, 1965. At that time, the School District of Atkinson will become a part of the Timberlane Regional School District, along with the Districts of Danville, Plaistow and Sandown. The first annual Timberlane Regional School District report will be issued in February of 1966.

This year your Board established a firm policy on traffic and parking on the school grounds. This policy was established in the interests of fire and traffic safety. All citizens are urged to observe the instructional signs. Remember that our school population has doubled in the last six years, and that the traffic has probably also doubled during the same period. Through the cooperation of the Selectmen, and the Chief of Police, a crossing guard is now maintained in front of the Rockwell School.

As mentioned in last year's report, an article to appropriate funds for additional classrooms was held in abeyance, pending conclusion of the Regional Planning Committee study. Presently thirteen classes are being held in facilities designed for eleven. Next year, fifteen classes are expected, and the following year, with the 7th and 8th grades in a new Junior-Senior High School, twelve classes are expected. The new Timberlane Regional School Board is making plans to remedy this situation.

This year, there is no Atkinson budget article in the school meeting warrant. Monies to operate the Academy and Rockwell Schools, and to pay tuition for the Atkinson High School students will be part of the Timberlane School Meeting warrant, along with similar monies for the other schools in the Timberlane District. It is expected at this time that we will close our books, in this final year, with a small surplus, - - - that is, if there are no emergency expenditures.

The long-range picture has not changed since a year ago. The annual growth in our town continues at a 10% rate. Sixty percent of today's jobs were not even known twenty years ago. Consequently, edu-

cation is in a cycle of revolution, and development. The supply of good teachers lags behind the demand. These factors place a continuing pressure on our budgetary planning. Overall, it is readily apparent that the continued understanding and cooperation of all citizens in the district, is necessary.

Respectfully submitted,
THE ATKINSON SCHOOL BOARD
David J. Rockwell, Chairman

INFORMATION TO THE LAND OWNERS OF ATKINSON, NEW HAMPSHIRE

Because there is some misconception among the citizens of Atkinson, New Hampshire relative to sub-division, the following bit of information is offered.

Sub-division means the division of land for any purpose, whether this land is back land with the laying out of new streets or whether this land is on a public way and is simply divided in two or more parts, all of which are on the accepted public way.

Registration of a sub-division at the Registry of Deeds in Exeter, New Hampshire, exposes the owner or his agent to penalties ranging from \$100 to \$500.

The Planning Board does not wish to be at all unreasonable but is making an honest attempt to maintain the residential status of the Town. We realize that with the proximity of Rte 495, that there will be within the next few years a considerable amount of new dwellings within the community and that there should be some control of this building boom.
